

VueTronic

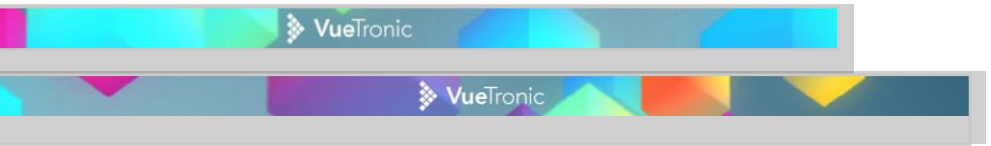

Specialty LED Displays

Specialty LED Displays

An extension of our line of LEDs , **VueTronic** specialty LED products expand to fulfill unique marketing needs. Custom turnkey digital sign solutions and easy to use message centers; this dynamic visual experience will get you noticed.

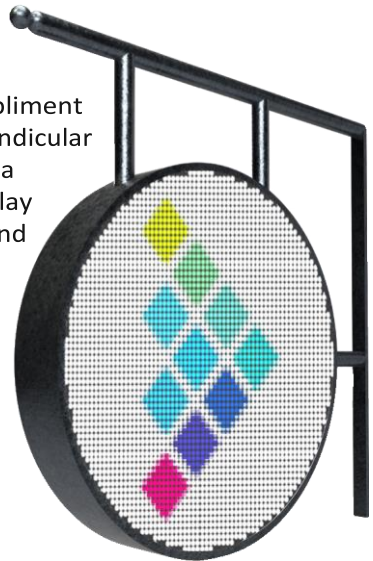

Shelf Talker LED Signs

Tight pitch LED ribbons that are visible and legible at near to far distances. Can be used to bring retail shelving to life, run dynamic text, or create stunning horizontal and vertical arrays.

24" Round LED Signs

An appealing and attractive sign to compliment your business. Ideal for foot traffic perpendicular two-sided display attracts attention from a distance. Customize your content to display full-colour and full-motion promotional and brand imagery.

VueTronic LED Podium

Engage your audience like never before. Give your guests an experience they will remember with this stunning full HD professional digital display podium. Showcase your event sponsors with their logos and messaging. Call for a customized quote

Podiums can be customized to include reading lights, microphones/holders, speakers, & media players, tailored to connect with your pre-existing equipment or personal devices.

- Stainless steel
- Angled top with flat stop base.
- Wide heavy base with 4 hidden swivel-locking casters
- USB & HDMI adapters to connect to any auxiliary equipment.
- This custom-made model is:
26 1/8"W x 27 5/8"D x 45 5/16"W

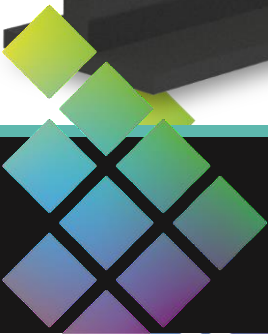

Transparent LED Signs

High intensity LEDs mounted on a semi-transparent (72% to 88%) framework ideal for mounting in windows and other areas where natural light and line of sight through the display is necessary.

LED Posters & Towers

Digital posters & kiosks will add dynamic moving pictures to your promotions. Displays can be permanent or made easily portable. Engage consumers with attractive content or have fun with a photo booth all the while collecting important information on your customers. We have many designs and styles with full HD graphics.
